

Khadim Sylla, Programme Specialist, Technical Assistance and Sector Planning Team at UNESCO-IIEP

Holder of a PhD in computer science/information systems and post-graduate degrees in economics and a Master degree in mathematics, Khadim Sylla joined IIEP in 1996. He is an expert on information systems, school mapping and micro-planning, Projection and simulation models. He has managed several projects for the development of such systems (Chad, Ivory Coast, Kosovo, Mali and Niger, ...), and provided both training (at IIEP, national and sub-regional courses) and technical support in many countries (Angola, Madagascar, Chad, Seychelles, Côte d'Ivoire, Afghanistan, Oman, ...). Before joining the IIEP, Khadim Sylla held teaching and research posts at the University of Limoges (France) from 1993 to 1995.
